Keehong Youn

mail@ykeeh.com | ykeeh.com

Developing real-time audio-visual applications for media art projects and engineering research.

Skills

Interactive real-time graphics/audio programming

C, C++, Python

Education

Ph.D. in Media Arts and Technology. University of California, Santa Barbara 2019

M.S. in Mechanical and Aerospace Engineering. Seoul National University 2014

B.S. in Mechanical and Aerospace Engineering. Seoul National University 2012

Work Experience

AR/VR software engineer at Apple Inc. Since 2019

Freelance: interactive installation for public events with Nike Korea 2015, 2017, 2019

Instructor: Interactive multimedia programming for media arts

- Korea Creative Content Agency, "Content Fusion Academy" 2015
- Samsung Electronics, "Software Challenge Camp" 2012, 2013, 2014

Academic Research

Spherical projection mapping software for large scale immersive VR system 2015 - 2018

- "Transmission Electron Microscope/Atom Probe Visualization"
- "Interactive Visualization of Li or Na diffusion in intercalation compounds"

Finger tracking interface development using depth sensing camera 2012

- "Spatial interface for improving UX of car navigation system"
- Sponsor: Hyundai NGV

Upper body tracking system software development 2012

- "Home Rehabilitation System for Upper Limbs of Stroke Patient"
- Sponsor: Microsoft Asia & Korean Ministry of Knowledge Economy

AR based cell tracking software development for microscopes 2012

- "Single Cell Addressing by Microscope Augmented Reality"
- Sponsor: Korean Ministry of Education and Science Technology

Other

Open source contribution

- "Allolib", a C++ library for interactive multimedia applications
